We opened our BOOT AND SHOE DEPARTMENT some three years ago, in an unpretentious way, in the rear of our DRY GOODS DEPARTMENT; and it has since been our aim to give our many patrons the best possible value for their money. That the public appreciate our earnest endeavors has been demonstrated by the rapid growth of this Department, which has been far beyond our expectations, and owing to the limited amount of space in our old quarters, and the increasing demand for honest goods at reasonable prices, we have during the past season added to our stores a new building, which is now occupied by our BOOT AND SHOE DEPART-

OFFICE OF THE ATTORNEY-GENERAL OF THE STATE OF CALIFORNIA,

SAN FRANCISCO, March 18, 1884.

HON. T. E. JONES—MY DEAR SIR: I have just received your letter of 15th. Dr. MacLennan has wonderful power. God only knows what it is: Galvanism, Magnetism, Electricity or Spiritualism; I do not know what! But he was of great and singular service to me. I would certainly try him if I were in your place. He has worked some wonderful cures within my knowledge. I do not pretend to understand the force he uses, nor do I think he is useful in every case, but in Nervous Depression, or Exhaustion, or any Nervous Affection, including Paralysis. I think he is very effective. Respectfully,

E. C. MARSHALL. Paralysis, I think he is very effective. Respectfully,

Dr. Henry Slade says: "My case was considered incurable by the best physicians, but Dr. MacLennan restored me the full use of my limbs in less than twenty minutes, being paralyzed Dr. J. Wumhurst, M. D., M. R. C. S., now at Abbotsford House, says: "My hearing is completely restored by Dr. MacLennan's manipulation alone."

Rev. A. C. Giles, Mendocino, Cal., says: "The effect which your treatment had on me is truly wonderful. Altogether, I feel like a new man." Dr. J. L. Wilber, the noteddentist, 18 Third street, says: "I would not now be here had it not been for Dr. Mac." Rev. Thomas S. Griffith, Nortonville, writes: "I am much pleased at the sudden change in my brother's health."

Dr. C. E. Davis, St. Helena, Cal., cured of Nervous Prostration, says: "After four days' treatment I was entirely relieved. I have now got a good appetite and feel well." THE GREENBACK AND PROHIBITION VOTE,

Returns received from all parts of the State are uniform in showing an increased vote. In many places the increase is very marked. Another feature shown is that the people were more than ordinarily arrayed in the two great parties. Both the Greenback and Prohibition vote is comparatively insignificant, and the vote was as distinctly marked as if the Presidential ticket had been before the people. A matter of great surprise is the large vote received by the Republican candidate for Judge of the Supreme Court. There was a general belief that he would fall far below the rest of the ticket, owing to dissatisfaction among the saloon men on account of his opinions on the Scott liquor law. On the contrary, it appears that he has been carried fully up with the remainder of the ticket, and here in Hamilton county his vote is greater than that for Robinson.

The Democrats carried West Virginia by a reduced majority, but in Ohio the Republicans were successful by about 15,000, also gaining three Congressmen.

DEMOCRATIC ESTIMATE OF THE RESULT.

Of course the Democratic organs clain that there was not much of a shower in Ohio after all. The San Francisco Examine coolly pronounces the result of the election a practical Republican defeat, and this in the face of the fact that out of 21 Congressmen from Ohio the Democrats have had 13, while by the election of Tuesday the vote of Ohio in the House will now be at least 11 Republicans to 10 Democrats. It totally ignores the fact that the Democrats carried Ohio in 1883 by 12,629 Republicans, whereas in this year the Democracy has lost that twelve and a half thousand, and the Republicans have piled from 14,000 to 15,000 majority on top of it. Of course, according to the Examiner there was commission of fraud by the Re publicans. What a set of grand rascals hey are. Somehow they never whip Democrats fairly-according to the Democratic plaint. These pure, innocent, unophisticated and upright fellows never car prevail against the repeating, bulldozing, corruption and damnable frauds of that vicious class of citizens whose whole moral nature is turned topside down if they vote the Republican ticket. It is a very sad state of affairs, to be sure, if the Examine

is to be believed. The San Francisco Alta thinks the battle in Ohio has not decided anything much. In 1882 Newman, present incumbent, was elected Secretary of State, his vote being 316,874, while Townsend, the Republicar candidate, received but 297,759, or 19,115 less. But now Newman, leading his ticket, is defeated for the same office by the Republican candidate by at least 14,000 to 15,000 majority. Certainly this decides the dispute as to whether there has been a change of sentiment among the people of Ohio in favor of the Republican party. It demonstrates also a change of 27,000 votes in one year for the Republicans.

As we remarked yesterday, the election by no means decides the Presidential contest. We repeat that had Ohio gone Democratic we should not have conceded the national fight. Nor, now that it has gone Republican by 15,000, splendidly stimulating as it is, does it warrant relaxation of effort. Invariably the State in a Presidential year has been Republican, and invariably it has given the party a larger November than an October majority. In 1880 it was Republican in November by 6,150 more than in October. Ohio we are assured of earnest labor by Republicans remains. unity which has existed among Democrats for twenty-four years, though out of office the defection of the Independents, the silly attempt of the Prohibitionists to make that a national policy which has not yet attained the proper status in the States, all candidates one against mighty odds. A struggle indeed that is fraught with danger to Blaine and Logan, and that calls for the unwavering and persistent labor of every Republican at any and all times to rally the people to the support of the party of intelligence and progress, and against a party devoid of principles and having two chief purposes, the subordination of the rights of a distinct class of citizens and the possession of the cash-box of the Government. That the first is no fiction, the speeches, platforms and acts of the party n the South demonstrate; and that the second is the chief motive for activity, is evidenced by the remarkable statements of

Hendricks regarding the Treasury. THE MODERN ANANIAS.

Thomas A. Hendricks, who is ringing the changes upon the falsehood that there of \$450,000,000, exclaimed in a recent speech amount would do for you and yours!' Vice-Presidency held this sum up before the voters, with the implied pledge that the Democracy would distribute it among the people, he was guilty of special pleading numbers of the property a cross-roads half-breed politi-Vice-Presidency held this sum up before unworthy a cross-roads half-breed politi- the worst. cian, and that would have made Ananias blush. He insulted intelligence and appealed only to the grossest ignorance. He very well understood that he could in no surer way stimulate the greed of the hungry elements of his party. He intended to the teachers in the county are in attendance have it understood that there are 450,000,-

000 financial reasons personal to Democrats for getting hold of the coin. "We want to get at the books," exclaims this demagogue. Nothing of the kind; he simply wants to get hold of the money. The Democracy is playing for a big stake, and in order to fire the repeaters and heelers, and strikers and vote-steerers, he points to the surplus in the Treasury and practically says to them. "You shall have a want to get at the books," exclaims this cally says to them, "You shall have a! share of the plunder."

Now, the fact is, Mr. Hendricks is deceiving the "riff-raff" of his party-intel- SALT LAKE, October 15th.—In impaneling a for sale. Store, 505 J s jury in the Clawson polygamy case to-day the street, Sacramento, Cal.

The amount of the reserve for this purpose has, as a matter of prudent administration, been maintained by securities of the Treasury at about \$138,000,000, or about 40 per cent. of the amount of United States notes outstanding, fixed by law at \$346,-

681.016.

Mr. Hendricks is fully aware of these facts; he had the report of the Treasurer of the United States for September 30th in his coat-tail pocket when he repeated his deceitful speech in Ohio and elsewhere. He knew that he simply and flatly falsified when he told the people that there is a surplus of \$450,000,000 in the National Treasury, and there is no escape for him from this humiliating charge. It is unpleasant at any time to give any man the lie; but it is a duty every fair man owes to his felows to stamp out such falsehoods as these given currency by Hendricks, for they are of the kind that inflame communists, enourage the vicious and stimulate the worst passions of men.

What kind of a man is this to elect to the econd office in the nation, who goes about the land deliberately dealing out to the ignorant, political lies to excite their greed and win their votes?

On arriving at the place where the body had been seen, it was discovered lying by the side of a log, and was evidently a case of suicide. The body was lying on its back, about fifty feet from the trail on a little knoil, the right arm resting on the chest and the right hand grasping a revolver of the British bull-dog pattern, with one chamber discharged, all the other chambers being loaded. discharged, all the other chambers being loaded. There was a pistol wound in the right temple. No other wounds were observable on his person, but the mice had eaten off portions of the nose and around the wound and the left side of the face, making the features unrecognizable. The body was so much decomposed that it was with difficulty the Coroner and jury could examine it. A pen-knife and note-book were found, which were all there was on the body. On opening the note-book, on the first page was found the following lines, written with a lead-pencil, while the remainder of the leaves were untouched:

The deceased was about five feet ten or eleven inches in height, and had evidently been of a tall, slender build, with light brown hair. He was well dressed in checked woolen coat, yest and pants rather closely matched, but not of the same pattern, speckled calleo shirt, cotton socks and buckled shoes somewhat worn. It was dark when the train reached Howard City, and here torches and bonfires began to appear. At about a quarter to 7 the train reached Grand Rapids, on the east side of the river. Mr. Blaine left the train and was escorted by the Republican Clubs to the Morton House, where he is to pass the night. Nothing cleanses TAIR of the nuisance of dandruff so perfectly, and so effectually prevents its return, as AYER'S HAIR VIGOR.

In addition to the curative and restorative virtues peculiar to Ayer's Hair VIGOR it is a toilet luxury. The Hair VIGOR is by far the cleanliest hair-dressing made. It causes the hair to grow thick and long, and keeps it always soft and glossy. Ayer's Hair Vigor

CHANGED EVERY DAY FOR THE MECHANICS' STORE.

KEEPING IN THE VAN.

A curious fact is presented in the commercial world. Large merchants seeking to extend trade are sending out profusely illustrated catalogues. These books place the various establishments they represent at the very doors of those living in small towns and remote places. Strange to say, not all out-of-town residents embrace the opportunities thus presented. That superior inducements are offered few will deny. What then hinders?

Possibly it is habit. People are prone to continue in the same old ruts. The history of nearly all great innovations is a history of early struggles. Mail shopping is a new thing. It must therefore fight its way into favor.

That it is doing so rapidly should be a matter of general congratulation. It stimulates the activity of the merchants. It brings out their best endeavors. It weeds out undeserving stores. It cuts prices. It secures to city and country customers alike better goods, better service, better satisfaction.

In the changes which are thus shifting trade we aim to keep in the van. We have faith in our goods and prices. We have confidence that our methods are the most approved for the dispatch of mail business. We believe in the giving of conscientious attention to the smallest details of the smallest orders. We know that thousands of people all over the coast find it to their interest to look to us regularly for the supply of their

New York The Battle-Ground.

The Times says: If the supporters of Blaine can derive any comfort from this result they are welcome to it. as for those whose sympathies in this great contest are with Mr. Blaine's oppopent, they will see little cause for discouragement in the election of the Republican candidate for Secretary of State, in Republican onloiby a majority of 13,000 votes. The Republicans of speakers and workers, but they have taken the candidates there bodily with imposing retinue, and they have paraded them up and down the State and into the remotest corners, leaving no accessible ear unreached by their clamorous exhortations, and no seeing eye unblessed by the inspiring sight of their standard-bearer. In comparison, the canvass made by the Democrats seems nerveless and impotent. No such tremindous pressure was ever before in human history applied to an election, and what is the result: A Republican loss of 6,000 in majority as compared with the vote of 1889. From such a result the supporters of Cleveland will not be remember to the beginning of the actual fight. New York is now the battle-ground, and on that field the assurance of victory is already complete. With all this unblying use of patronage, with its hired agents, paid out of the public Treasury, shooting citizens in the streets, with open and confessed corruption and the most lavish use of money is in effect a defeat. The seandalous seenes in Circinnatic can accretely fail to sheek and disgusters and workers, but they have taken the candidates been bedily with the vote of 1889. From such a result the supporters of Cleveland will not be resulted to an election, and what is the result: A Republican loss of 6,000 in majority as compared with the vote of 1889. najority secured is so much less than they oped for and needed that their victory is in flect a defeat. The seandalous scenes in Cininnati can scarcely fail to shock and disgust eputable voters in all parts of the country with party which, under the eyes of its candidate, and with his management, used such means to arry the election. The Democrats have no eason to be discouraged at the result of yester-ay, but on the contrary the Blaine men have rie Walsh, San Francisco.

ay, but, on the contrary, the Blaine men have bent their strength on a blow which hurts nem far more than it does their antagonists. THE GERMAN VOTERS NOT INTIMIDATED. The Sun says of Ohio: A significant feature of he election was the victory of the Republicans n Cincinnati, where they succeeded in reversg the Democratic majority of last year and tined two Congressmen. This indicates that e German voters were not intimidated by the tion cry and have no fear of their beer n Blaine's account. A VICTORY OF GIGANTIC PROPORTIONS.

CHICAGO, October 15th.—The *Tribune*, in its leading editorial, says that the probabilities in Ohio are for 29,000 majority, a gain of 32,500 votes over 1883, the Democratic majority having then been 12,500. It regards it as a victory of gigantic been 12,500. It regards it as a victory of gigantic proportions, sweeping and resistless in its consequences. It says that the State was completely possessed by the Democrats, whose Legislature repealed the registration law with a view to this year's election: that the Democrats controlled the police and Sheriffs at the polling-places and ballot-boxes; that a corruption fund of \$300,000, besides large local subscriptions, was poured into the State; that the result assures the election of Blaine and Logan, and that Cleveland cannot now carry a single Northern State, and is liable to lose two or three Southern. It closes with the statement that the Democrats are now on the run, and exhorts Republicans everywhere to close up and keep them running till November. GREAT AND GLORIOUS.

The Inter-Ocean says: The result in Ohio is great and glorious. It proves that the patriotism of the American people cannot be lulled to slum ber or beguiled into again intrusting the destines of the republic to those whose hands are still red with the blood of their assaults upon the nation's life. It proves that the American people discriminate keenly between accusations and exidence, and that projection to American nd evidence, and that protection to American dustries is the settled doctrine of the country or at least four years to come. A COMMANDING JUDGMENT OF THE COUNTRY. Philadelphia, October 15th.—The Press say thio practically decides and settles the nation contest. The Republican majority at presen writing promises to reach from 17,000 to 20,000 lincinnati, in spite of all the sources of trouble is redeemed. This triumph is an answer of the people to wanton slanderers, and is an emphatic and unmistakable response of a local State which shares and reflects the sentiment of the whole nation, to the Democratic allies, who masquerade under false colors. It is a deliberate

f maintaining the broad Republican policy of A "DRAWN BATTLE." A "DRAWN BATTLE."

The Times (anti-Blaine) calls Ohio the October drawn battle. It says: After the most desperate and exhaustive efforts were made by any party in any State, with Blaine leading the battle in person, Federal officials swarming in every county, with \$190,000 to bribe the venal, quicken the sluggish, debauch the ballot, with the largest vote ever cast in the State at any election, and with a majority of over 30,000 on the vote polled, Ohio has been saved to Blaine by little more than half the majority a solid Republican vote would have given him. This is a Republican victory that strongly foreshadows Republican defeat in November.
